

AMERICAN MADE MAKING AMERICAN MONEY

DEPENDABLE, STRAIGHT-FORWARD PAVERS

Buying American is good,
but don't base your buying decision on that alone.

With our pavers you get high-quality, non-segregated mats, simple operation, maintenance, and trouble shooting; and when you have questions or want to order parts, it's great to talk direct to the factory.

Our customers buy from us because reliability and customer service are most important to them.

Why? Because it helps them save time and make money.

**ROADTEC: THE AMERICAN WAY
TO MUTUAL SUCCESS AND PROFITABILITY.**
